

Fig. 2

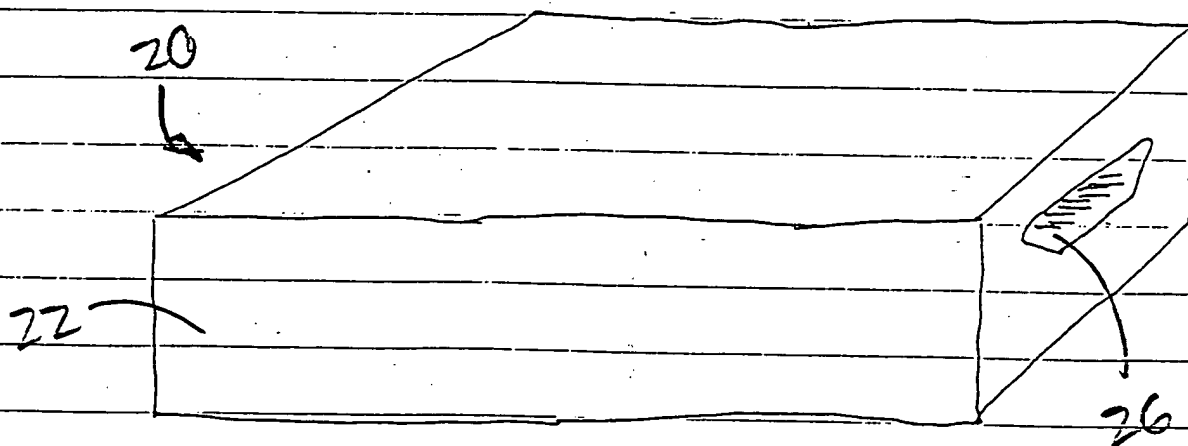

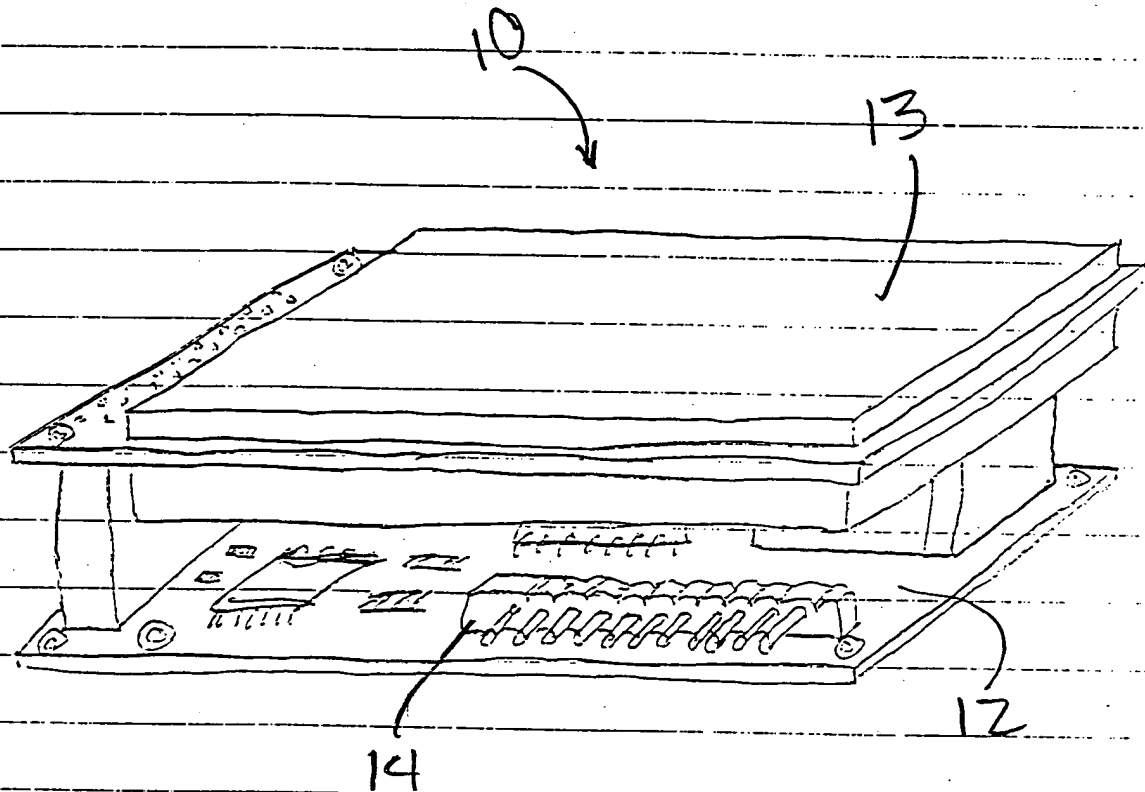

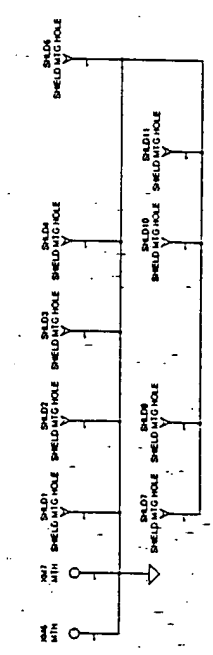

Fig. 3

A hand-drawn diagram showing a cable with a rectangular block and a series of circles. The number 36 is written above the circles.

A diagram showing a vertical rod, labeled 30, which is mounted on a square base, labeled 20. The rod is represented by two parallel vertical lines, and the base is a square with a cross-section.

Diagram of a probe assembly 32, showing a cylindrical base with a cable extending from the side and a long, thin, helical probe extending vertically from the top.
